# Getting to Know You - Feline

## Pre-Adoption Questionnaire

### *Why do I have to provide information before viewing an animal?*

Congratulations! We can't tell you how much we appreciate you giving one of our beloved pets a second chance. We are going to ask you a lot of questions. Don't take it personally! It's not about you. We're sure you're great, after all, you're here! We care about our animals and want to ensure they'll go to a good home. You're probably going to give your new pet the best home ever but not everyone is as awesome as you are. Many of our animals are at the shelter because their former owners did not think through the responsibilities of owning a pet enough to ensure they'd stay there forever. We want to make sure that Spot and Patches and Tiger and Muffin find homes that last forever this time. We request that all potential adopters fill out initial information before viewing or meeting an animal because we care, about the pet and about you. We're trying to make matches that last a lifetime. We ask for your patience and cooperation in the exciting process of bringing pets and people together . . . it's totally worth the trouble.
