

# Mesh Tube Toy

**SAFETY REMINDER:** Remember to always supervise pets while playing with enrichment toys.

## STEP ONE

**You will need:**

- **Three pieces of mesh tubing**
- **A pair of scissors**

Cut the mesh tubing in approximately 10 inch pieces. You will need 3 pieces in total.

## STEP TWO

## STEP THREE

Tie all three pieces of mesh tubing into a knot in the centre.

**Cats love how bouncy the mesh tubing is!**

# Pipe Cleaner Toy

**SAFETY REMINDER:** Remember to always supervise pets while playing with enrichment toys.

## STEP ONE

**You will need:**

- One pipe cleaner
- One bottle cap

Poke a small hole in the bottle cap using scissors or a screw driver large enough to for the pipe cleaner to fit through. Be careful! Then slide the pipe cleaner through the hole.

## STEP TWO

## STEP THREE

Tie a knot at each end near the bottle cap. Be sure the bottle cap can not come off. Double knot if needed.

Using a pen, pencil, or even your finger, wrap the long end of the pipe cleaner around to achieve a curl.

## STEP FOUR

**Cats love the way pipe cleaners move**

# Catnip Sock

**SAFETY REMINDER:** Remember to always supervise pets while playing with enrichment toys.

## STEP ONE

**You will need:**

- One sock
- A handful of newspaper or toilet paper
- A pinch of catnip

Stuff the sock with the newspaper or toilet paper.

## STEP TWO

## STEP THREE

Put a pinch of catnip in the sock  
\* You don't need much!

Tie the end of the sock closed.

## STEP FOUR

**Catnip famously makes cats feel euphoric! However, it only affects 70% of cats!**

# Surprise Box

**SAFETY REMINDER:** Remember to always supervise pets while playing with enrichment toys.

## STEP ONE

**You will need:**

- One empty toilet paper roll
- Small handful of cat treats
- A pair of scissors

Fold one end of the toilet paper roll in.

## STEP TWO

## STEP THREE

Fill the roll with cat treats.

Fold the remaining open end closed.

## STEP FOUR

**Cats need to use their brains to get the treats out!**
